WHO WE ARE

Sage Education Services was formed out of a desire to fill a gap in quality exam preparation and tutoring in Dubai. We are dedicated to providing students with a critical range of exam preparation courses as well as group and individual tutoring with a unique methodology in conjunction with talented and responsive trainers.

Applying to universities in the US and surviving high school and college exams can be daunting, but they don't have to be. Our sole aim is to help students achieve their dreams, and guide them through these often overwhelming processes.

OUR MISSION

The future is with us

We are committed to providing students with high quality and individualized exam preparation and tutoring, empowering them to succeed, whether that be applying to universities in the U.S., or succeeding in the primary, high school, and university courses here in the UAE. Through unique strategies, positive encouragement, and time and stress management skills, we empower students to tackle whatever academic challenges may arise.

OUR UNIQUE CONTEXT

Experience and professionalism

Beyond just raising scores and grades, we ensure that students have a thorough understanding of exam and class material in order to ensure lasting success. We weave time management, stress management, and goal strategies into our courses in order to fill in the gaps with extraordinary success rates. Our professional and highly qualified trainers have years of success in helping students achieve their goals, and our classes are always vibrant, engaging each and every student to bring out his or her best. Our unique course material developed by American educators focuses on critical exam strategies and ensuring high success rates.

PROFESSIONAL ACADEMIC ASSESSMENTS

Our academic assessments offer a stand-alone guide as well as an initial step for any student wishing to begin a tuition or school placement programme. Highly experienced consultants with unrivalled knowledge of the British school system will provide a full, written report with suggestions for your child's school needs, as well as any additional support that might be needed.

Every assessment is tailored to the child taking it, ensuring that the results are an accurate and detailed reflection of the child's current level as well as their potential. We test for specific school entrance potential and to highlight certain problem areas that need focus.

The assessment process leads seamlessly into tuition or placement seamlessly, providing a benchmark for progress and an accurate guide to the progress that could be made.

A typical academic assessment will involve:

- Both written and oral discussion, taken from current curriculum and in-house assessment material designed to challenge your child to express his or her ideas in a comfortable environment.
- Mathematical test papers from a range of curricula in order to establish your child's current level but also strengths and weaknesses when faced with higher level material.

ADMISSION CONSULTING

UNIVERSITY ADMISSION CONSULTING

When you sign up for a program with Sage, we go the extra mile to match you with the perfect admissions consultant based on your profile and future goals. You will be paired with an admissions consultant who has over 10 years of experience and a 100% success rate helping students gain admission to bachelors, masters, and PhD programs globally. All of our advisors work in conjunction with several other team members to provide multiple perspectives and the full force of Sage Education's database, including insight, trends, and advice garnered from thousands of clients who we have worked with across multiple continents. Sage's educational consultants have helped students with thousands of applications for abroad universities in the US, UK, Canada, Europe, and Asia

Applying to universities in the US and surviving high school and college exams can be daunting, but they don't have to be. Our sole aim is to help students achieve their dreams, and guide them through these often overwhelming processes.

UNIVERSITY LIST SELECTION

Sage's expert consultants spend significant time on this crucial step. University selection is the most important step in the process, and we mix and match each student's goals, profile, grades, and extracurricular activities through a detailed series of meetings and questionnaires to create a comprehensive list of universities worldwide throughout the US, UAE, Canada, UK, and Europe. We also consider factors such as preferred location, climate, and budget to create a best fit list for each student and determine if the student should apply Early Decision, Early Action, or Regular Decision. Our unique process ensures a 100% guaranteed success rate.

NARRATIVE DISCUSSION AND CREATION

The essence of a successful application is a cohesive story that aligns with each student's profile and future goals, and Sage's consultants help each student bring out their passions, interests, and unique personalities in the process. Narrative creation is an integral part of the admissions process, and Sage makes sure that the desired goals of our students are achieved through guidance and being one step ahead of time. Our American, British, and European counselors take students through a thorough process of questioning and introspection. We help students determine the ideal admissions narrative and craft an admission strategy to present each student's unique story through essays, motivation letters, recommendations, CVs, and interviews. Our consultants brainstorm in individual sessions to ensure results that match the uniqueness of each student's story.

ADMISSION CONSULTING

APPLICATION GUIDANCE AND MANAGEMENT

Applications can be complicated, and each country and university has its own process and format. Sage's consultants have helped students with thousands of applications for universities in the US, UK, Canada, Europe, and Asia, and they will help you avoid common pitfalls filling out every application and make sure that you complete them before deadlines. Our consultants create a customized calendar for each student to track progress, test dates, and ensure all documents are ready and submitted ahead of time.

ESSAY AND CV ASSISTANCE

Every admissions consultant is also a trained application essay expert. Most students have never written admissions essays. In high school, students often learn how to write literary analysis and academic essays, but there are certain aspects that admissions officers look for. There are many other professionals, but Sage differs in that our admission consultants have graduated from top universities in the US, UK, and Europe and have edited thousands of successful application essays following a strict ethical code and helping our students' voices shine. First, your admissions consultant will help you brainstorm until you arrive at the perfect idea. Next, he or she will guide you through multiple drafts and revisions to make sure that each essay is error free.

INTERVIEW PREPARATION

Students are often overwhelmed by the interview process, and Sage's consultants are here to guide you through the process incorporating mock interviews and stress management. With a proven track record of successfully guiding students to admission at prestigious universities such as New York University, Boston University, and Geneva Business School, Sage's consultants provide you with extensive preparation include lists of potential questions, mock interviews, and motivational coaching.

UNLIMITED EMAIL ACCESS

Based on over a decade of experience, Sage knows that every situation is unique and that you will have questions throughout the process. That's why your admissions consultant is there with you every step of the process, and on hand at all times to answer questions along with way.

OUR COURSES

ART

Our selection of art courses and workshops are perfect for a variety of budding artists. Children's classes and workshops focus on allowing kids to explore and express themselves through their artwork. As well as improving their formal art skills, children can socialize, have fun and get messy! Students are given the opportunity to experience working with a variety of professional mediums including water-colour, oil and chalk pastels, acrylic paints and sketching pencils as well as a variety of materials, such as clay and collage, to create 3D forms. Some courses are general art and craft and others more specialized. Children are able to create crafts and paintings to take home each week. Our portfolio preparation classes are designed for students who are building portfolios for high school exams or university/collage entry. We tailor the classes to the needs of the students and the examining body. We offer a range of day workshops for adults. These appeal not only to those who are studying at a school or college but also to adults who are beginners or rekindling their passion for art as a hobby. These are great ways for adults to de-stress and get in touch with their often neglected creative sides! Jennifer's visualization board workshops have become very popular. They offer a holistic approach to art and introduce meditation and visualization. Our Parents and Child classes have also been successful and are a great way for busy Mums and dads to connect with their kids while working together to create an art work. Keep your eye on our website for new courses or one-off specialized workshops.
